

Leandra Drumm

ARTIST STATEMENT:

Leandra Drumm is the daughter of Don and Lisa Drumm, both accomplished artists in their own right. Leandra says her work is inspired by the everyday people and things that surround her. What a delightful and fanciful world she must live in! The whimsical figures and symbols that decorate her pewter collections illustrate a wonderful world of stars, whirligigs and sky-rockets. Along with a menagerie of odd-shaped animals, men, women and children blessed with far-out faces and figures, Leandra creates a unique world best described as “fantasy in motion.”
