

# Dewain's Wood Shop

## DEWAIN RICE:

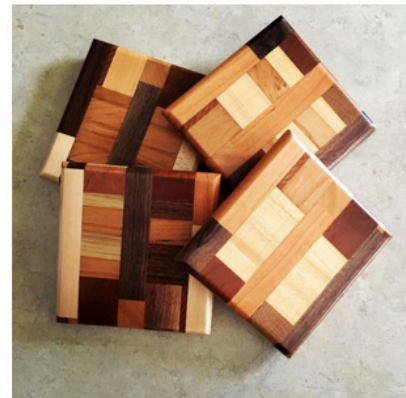

Dewain has been creating unique home decor items from beautiful wood since he was in high school. He is very particular about the materials he uses, and prefers to find local or heirloom woods to work with. You can see his dedication to the craft in every piece he creates in his Davidson, North Carolina woodworking shop. When not crafting unique items for your home, Dewain can be found traveling the world working as a pit crew member for auto races.
